## **1. INTRODUCTION**

### Why do we have this plan?

- 1) To support Maidstone Borough Council's (MBC) Emergency Plan.
- 2) To mitigate risk, increase readiness and resilience within Chart Sutton Parish Council (CSPC) and the local community.
- 3) To information gather in support of an incident.
- 4) To enable assistance, in support of MBC throughout the recovery phase of an incident.

### This plan includes:

- 1) Relevant steps to mitigate risk to expected and unexpected emergency situations
- 2) Local Risk Assessment
- 3) Checklists to guide how the plan works and how we communicate with other agencies and our local community.

### Geographical area covered

The civil parish of Chart Sutton covers three principal areas;

1. The main village
2. Houses on Chart Road, running into Sutton Valence
3. Rural area to the south

The first two areas are on high ground and not liable to river flooding although blocked drains and roadside ditches are not uncommon. The rural area is vulnerable to flooding from the River Beult.

See Appendix A – Parish map.

### Scope

The plan is designed to prepare for an emergency or major incident affecting our local community. Our response aims to react to the initial **30 minutes only** to assist with emergency services response and to support Maidstone Borough Council in setting up longer-term response plans.

This plan is not an attempt to encroach on the roles of the blue light emergency services or MBC Emergency Planning.

## **2. FLOW OF RESPONSE**

### **PROACTIVE:**

#### Pre-planning to achieve mitigation of incident:

- Daily scanning of the environment to enable situational awareness by Chart Sutton Parish Councillors.
- Communicate information on preparedness and mitigation measures to the community utilising websites and links to helpful guidance such as:
  - Priority Register services (UK Power Networks and South East Water)
  - Flood support and Flood Alert registrations (Environment Agency)
  - Weather alerts and warnings (Met Office)
  - Kent & Medway Resilience Forum (KMRF) [Kent Prepared website](#)
  - Maidstone Borough Council's [Emergency Preparedness webpages](#)
- Signposting and availability of Emergency Planning training to all Resilience Officers and Volunteer Coordinators, such as [Community Prepared](#) training and [EA Flood Wardens](#).

### **REACTIVE:**

Incident happens: Blue light agencies attend and will be lead agency for emergency according to incident (such as a fire will be led by KFRS)

- Situation Led - Maidstone Borough Council Emergency Planning
- Support Led – Chart Sutton Parish Council nominated Resilience Officer / Community Resilience Lead

**If MBC and Blue light services are unable to immediately respond (such as due to access issues or widespread incident), Chart Sutton Parish Council will become the primary lead organisation for our community.**

### **RECOVERY:**

#### Post-incident phase:

- Maidstone Borough Council Emergency Plan – multi-agency response and recovery groups
- Chart Sutton Parish Council may be requested to form part of the Recovery Group for Community impact and actions

The above shows what the Community Resilience Plan covers, primarily to support a multi-agency response before, during and after an emergency.

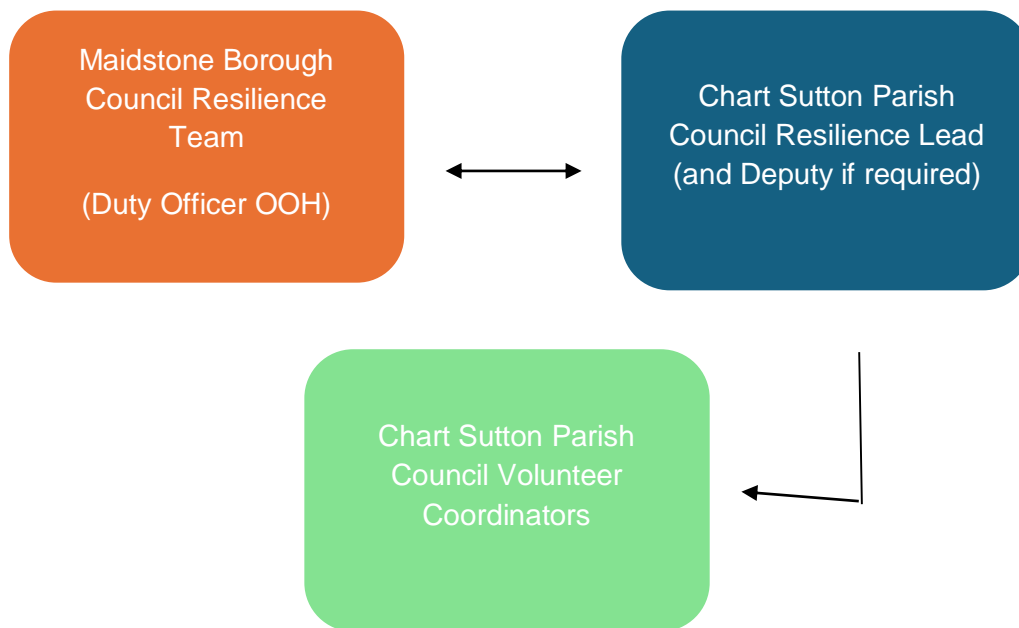

### 3. COMMUNICATION TREE FOR CHART SUTTON PARISH COUNCIL RESPONSE TEAM

This structure supports the role of the **on call** Chart Sutton Resilience Officer, to enable notification to Maidstone Borough Council (MBC).

The **Chart Sutton Parish Council Resilience Lead** will be centrally based and will be the main coordinator for Chart Sutton in an emergency.

They will liaise with emergency services (where appropriate) and Maidstone Borough Council's Resilience Team. They will also deploy and manage any assigned Volunteer Coordinators where required.

The volunteer coordinators will feedback information to the **Chart Sutton Parish Council Resilience Lead** who will in turn update the MBC Resilience Team during Office Hours. Out of Hours (OOH), this will be picked up via the MBC assigned Duty Officer who can be contacted via the main line of 03000 41 41 41

Depending on the scale or severity of the incident will determine if a Deputy Resilience Lead is required and how many volunteer coordinators are needed to support.

It is easier to scale down than scale up so advisable to gather as many resources as possible on standby.

Information gathered by the Chart Sutton Parish Council Resilience Lead will be passed to the MBC Resilience Team and Initial Emergency Service Officer in charge. This will be in the format of the 'M/ETHANE' message. Please see **Appendix C1** for the Information Gathering Form.

<b>M/ETHANE</b>		
<b>M</b>	<b>Major</b> Incident declared (Yes/No)	County or Local? Which organisation?
<b>E</b>	<b>Exact</b> Location including postcode and/or 'What 3 Words' where possible	
<b>T</b>	<b>Type</b> of incident	Fire / Flood / Accident
<b>H</b>	<b>Hazards</b> present or suspected	Unstable buildings / chemicals / flooding
<b>A</b>	<b>Access</b> to site including RVP	Any roads blocked?
<b>N</b>	<b>Number</b> of casualties or people/houses affected	Evacuees/Housing
<b>E</b>	<b>Emergency Services</b> and other organisations involved	Are Police/Fire or Ambulance on scene?

Any additional information or guidance can be given via local knowledge, such as vulnerable people in the area, special events taking place on the day that may be affected or sites that will be disrupted, such as nursing homes or local schools.

#### **4. RISK ASSESSMENT**

The following table has been completed with generic risks that could affect all communities with relevant actions that could be taken in these circumstances.

<b>RISK</b>	<b>IMPACT</b>	<b>MITIGATION</b>	<b>RESPONSE</b>	<b>RECOVERY</b>
<b>Electricity Failure</b>	<p>Loss of streetlights</p> <p>Loss of traffic signals</p> <p>Loss of business</p> <p>Unable to cook food</p> <p>Vulnerable people at risk- personal medical support machinery</p> <p>Limited Communications</p>	<p>Encourage residents to keep at least one mobile phone to hand - digital and cordless phones won't work in a power cut</p> <p>Encourage Vulnerable residents to sign up to the UKPN Priority Services Register</p> <p>Encourage residents not to open fridges any longer than necessary</p> <p>Encourage Residents to make sure their home is well insulated. It could stay warm for 12 hours or more in a power cut.</p>	<p>Check if neighbours have lost services too.</p> <p>Establish from the utility company how long they think the power will be off for.</p> <p>Establish the extent of the power cut</p> <p>If it is a prolonged power cut or in particularly cold weather look at opening a Community Shelter if any have alternative fuel sources</p> <p>If the power cut is for a prolonged period, take precautions to stay safe.</p>	<p>Assist people in recovering from the emergency.</p>

<b>RISK</b>	<b>IMPACT</b>	<b>MITIGATION</b>	<b>RESPONSE</b>	<b>RECOVERY</b>
<b>Fire</b>	<p>Damage to Property</p> <p>Damage to Local Infrastructure</p> <p>Residents evacuated.</p>	<p>Encourage Residents to check their smoke alarms</p>	<p>Look at providing temporary shelter if required.</p> <p>Assist with the provision of welfare.</p>	<p>Assist people in recovering from the emergency.</p>
<b>Flooding</b>	<p>Flooding of Local streets.</p> <p>Damage to property.</p> <p>Contamination from foul watercourses.</p>	<p>Understand risk areas.</p> <p>Monitor flood warnings.</p> <p>Report river blockages to Environmental agency.</p> <p>Deploy Community level flood defences and bags.</p>	<p>Communicate expected levels and actual levels to community.</p> <p>Provide temporary rescue centre dependant on severity.</p>	<p>Assist community with clean up.</p> <p>Assist ASB with relocation as required.</p> <p>Communicate recovery water levels to community.</p>
<b>Gas Failure</b>	<p>Extreme cold especially vulnerable people</p> <p>Unable to cook food.</p>	<p>Source of alternative heating available.</p>	<p>Establish from the utility company how long they think the gas will be off.</p> <p>Establish the extent of the gas outage.</p> <p>Prolonged gas outage or in particularly cold weather open a Community Shelter if any have alternative fuel sources.</p>	<p>Assist people in recovering from the emergency.</p>

RISK	IMPACT	MITIGATION	RESPONSE	RECOVERY
<b>Heavy Snow &amp; Extreme Cold</b>	<p>Damage to property</p> <p>Loss of business</p> <p>Vulnerable people at risk</p> <p>Travel disruption.</p>	<p>Encourage Residents to stock up on essentials.</p> <p>Provide a point of contact for residents (particularly Vulnerable residents)</p> <p>Provide advice to residents about staying warm.</p> <p>Encourage residents to stay in touch with the latest forecast and cold weather alerts.</p>	<p>Provide a point of contact for the coordination of volunteers around clearing/ salting paths.</p> <p>Clear essential paths.</p> <p>Visit vulnerable to assess any needs.</p>	<p>Assist people in recovering from the emergency.</p>
<b>Water Supply Failure</b>	<p>Health hazard from untreated water</p> <p>Vulnerable people at risk.</p>	<p>Emergency water supply. The average adult should take in 1.5 to 2 litres of water in a typical day (6-8 250ml glasses.)</p> <p>Establish which residents would require assistance.</p>	<p>Coordinate the delivery of bottled water to residents who are unable to get out.</p>	<p>Assist people in recovering from the emergency.</p>

## **5. COMMUNICATION WITH THE COMMUNITY**

TYPE	WHERE
<b>Public Noticeboards</b>	Amber Lane, at junction with Laxton Drive Chart Corner, outside Shop on the Green Chart Hill Road, outside the village hall Chart Road, on path to church Forsham Lane, at junction with Babylon Lane
<b>Posters</b>	Village shop
<b>Leaflets</b>	Village Shop, Pub, Residences
<b>Social media and websites</b>	Chart Sutton Parish Council website <a href="http://www.chartsutton-pc.gov.uk">www.chartsutton-pc.gov.uk</a> Chart Sutton Parish Council Facebook page

### Communication with Chart Sutton Parish Council Community Response Team

Ensure lines of communication are maintained during incident with all responders for the community. This can take place via:

Face-to-face meetings for Resilience Lead to get updates for MBC, using the Village Hall.

Telephone and Text - landline and mobile numbers / WhatsApp group chat

## **6. RESOURCES**

The Community Response Team will encourage local residents to provide information to assist with any perceived emergency recovery.

During an emergency, community volunteers may come forward to assist, however it should be noted that they would do so at their own risk.

It is advisable for contact details of those that wish to volunteer to be held in advance so you can list their role and duties within this plan.

Spontaneous volunteers need to be managed at the time of response. This will change according to the scale and nature of the incident.

See Appendix B - Contact Details.

## **7. INSURANCE**

The roles in this plan are voluntary and volunteers are not expected to put themselves in any danger. It is not expected that volunteers are covered by CSPC's insurance policy. As such, volunteers are offering their services at their own risk. Having said that, if a responding agency deploys a volunteer (e.g. a flood warden), they may be covered by the responding agency's insurance.

## **8. CHECKLISTS FOR RESPONDING TO AN EMERGENCY**

These checklists provide help as a useful reminder when responding of actions to take. These should be provided to parish council response team before an incident to familiarise themselves with.

Copies of the checklist can be used actively to tick when complete during activation.

<b><i>Chart Sutton Parish Council Resilience Lead / Deputy Resilience Lead</i></b>	
<b><i>ACTION</i></b>	<b><i>COMPLETE (✓)</i></b>
Ensure you are not in immediate danger.	
Call 999 and follow any advice given.	
Contact MBC Emergency Planning or MBC Duty Officer if out of hours for advice, providing them with initial updates.	
Contact the Chart Sutton Volunteer Coordinators (Appendix B2) and meet to discuss the situation.	
Start writing a log (Appendix C2) containing any decisions you made and who you spoke to/what was said.	
Construct a formal 'METHANE' message to pass to MBC and Initial Incident Commander via Information Gathering Form (Appendix C1)	
Agree actions and ensure each member of the Chart Sutton Parish Council Response Team know what they are doing. For example, liaising with MBC on the opening of the Rest Centre / communicating situation with Chart Sutton Volunteer Coordinators.	
Meet regularly to discuss the developing situation, outstanding actions, community priorities and resources available/required.	
Once the immediate actions are completed and the situation starts to improve, start thinking about the recovery phase and how the Community Emergency Response Team can help the community return to their day-to-day life.	
Schedule a debrief and review preparedness/plan as necessary.	

**Chart Sutton Parish Council Community Volunteer Coordinator(s)**

<b><i>ACTION</i></b>	<b>COMPLETE (✓)</b>
Ensure you are not in immediate danger.	
Meet with the Chart Sutton Parish Council Resilience Lead and discuss plan of action.	
Attend the incident if safe to do so with two coordinators located at different points of the incident to enable a complete overview.	
Keep lines of communication open with Resilience Lead and report back at regular intervals with a situation report (Sit Rep).	
Support and handover information to emergency services / other authorities as required.	
Confirm and communicate the end of the incident.	
Liaise with the Resilience Lead on whether to stand down once Emergency Services/Maidstone Borough Council in attendance.	
Attend a debrief and review preparedness/plan as necessary.	

## **9. ADDITIONAL INFORMATION**

Landing point for air ambulance,

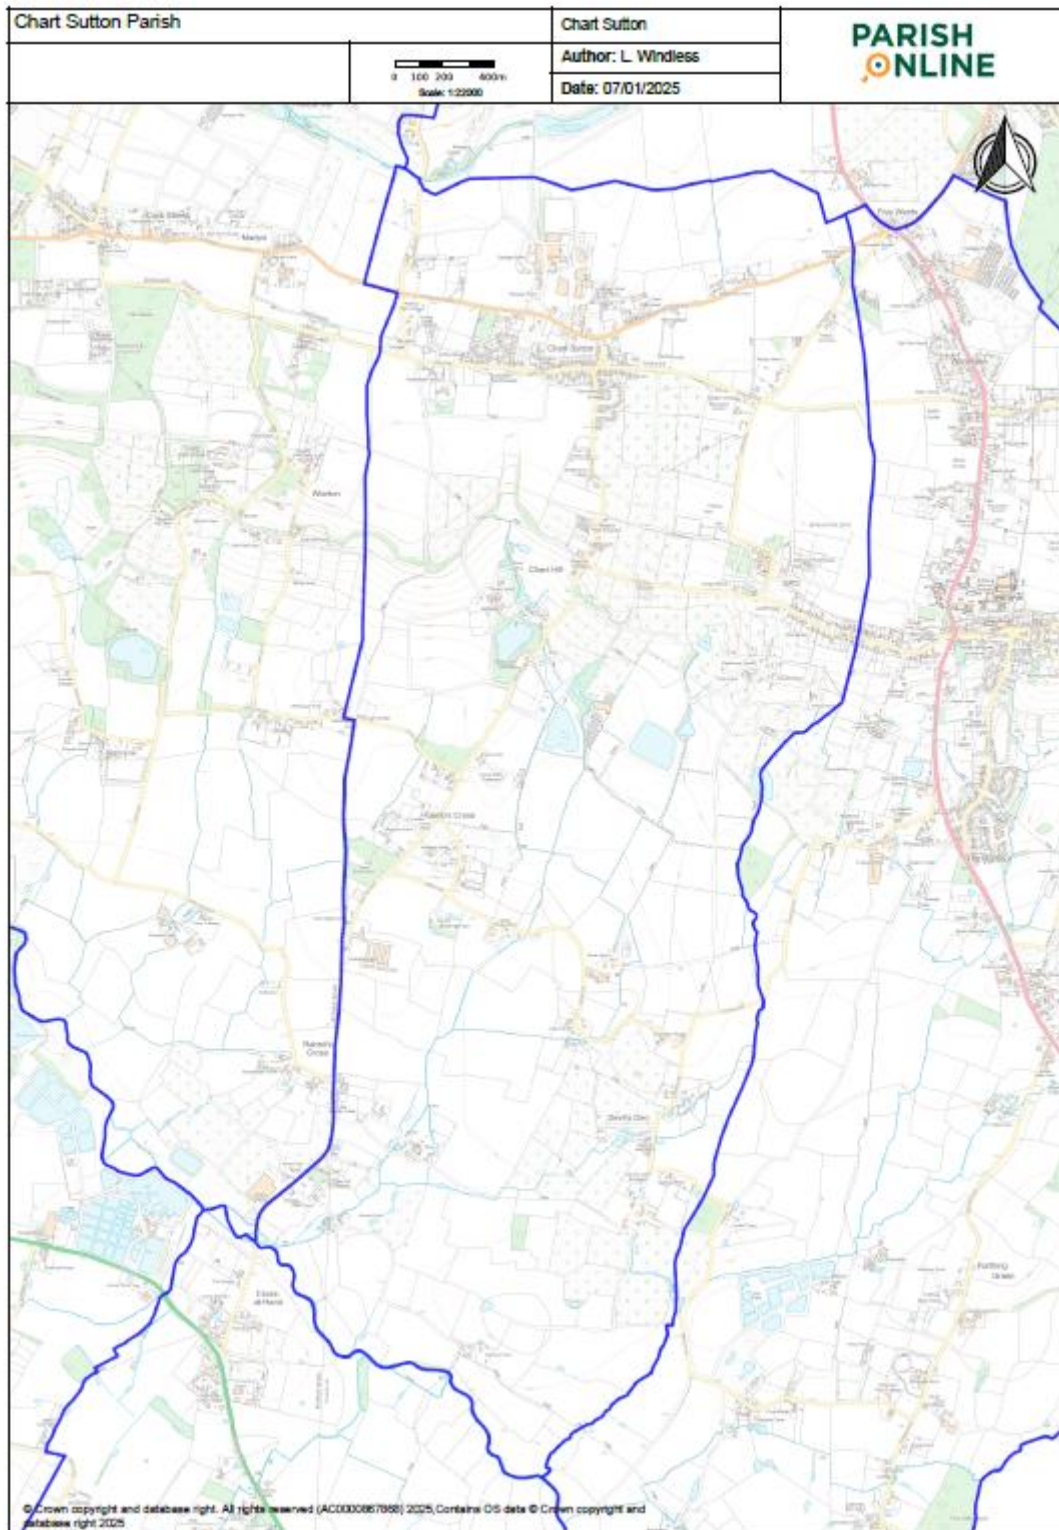

Playing Field

Defibrillator Locations within Chart Sutton Parish Council

Village Shop
