

**CHANGE !!**

**PUBLIC MEETING**

**on Sunday 22 February**

**2.30pm in the Village Hall**

This meeting was originally intended to be a closed session, allowing residents to receive an update on the Local Neighbourhood Plan and to discuss the merits of the three competing sites.

However, **Macar** have now proposed a revised plan for the **Ivansfield** site, which will be outlined in a short presentation.

In the interests of fairness, the other developers will also be invited.

Following these presentations, the meeting will **continue as a closed session** as originally planned.

**Please come along to share your views and listen to other people's opinions.**
