

Chart Sutton Clean & Green group

Do you enjoy living in Chart Sutton but feel there are places that could look even better?

In August 2024, the Clean & Green group held its first meeting to identify areas around the village that could benefit from a little extra care and attention. Since then, a small but dedicated team has quietly been making a real difference.

Over the past 18 months, our small team of volunteers has been busy improving the village — from weeding the bank behind the bus stop and refurbishing the fingerpost, to installing water butts, clearing moss, sweeping the green triangle and tidying borders at the Village Hall.

This year we're planning three community meet-ups, each no more than two hours, or simply whatever time you can spare. Just like the litter-pick group, we'll provide a hi-vis vest so everyone can take part safely and comfortably.

Please join us for our first Clean & Green meet-up of the year, we'll be gathering on the

Village Green on Sunday 12 April 10am

Everyone is welcome, whether you're a regular volunteer or just curious to see what we do.

We have a few projects lined up to get us started this year, including, weeding the bank by the bus stop, cleaning the village road signs along Warmlake Road and Amber Lane, litter-picking these two roads as we go and sweeping around the village green triangle. Please remember to bring gloves, weeding tools and brooms. We'll provide bags and water for cleaning the signs.

If you have ideas for other small improvements that could help make Chart Sutton cleaner, greener and even prettier, we'd love to hear them. We can add them to future sessions on:

14th June and 16th August.

We look forward to seeing you there.

If you prefer to do your own thing at a time to suit you that will be much appreciated.

Let's together make Chart Sutton a great place to Live, Work and Visit.
